

COVID-19 UPDATE

Dear Valued Guest

As we enter Stage 3 indoor dining has returned. We at Don Marco's Italian Eatery want to assure you all precautions have been taken to ensure your safety. Sanitizer is available at the entrance and in the dining room. We have partitioned the bar to allow for tables and separate the staff while making beverages. The take out area has been moved so that it is eight feet from any table and we only allow one takeout customer in at a time. Dining room tables are spaced seven feet apart. All of our staff have been following the recommended guidelines for sanitizing and PPE for the past three months. We will be monitoring customer behavior to ensure safety for our guests and staff. As we are doing everything to make you safe, please follow the guidelines so we are all safe. Please review the requirements so you know what can be expected. – Thank You

INDOOR DINING INFORMATION FOR OUR GUESTS

- Reservations are recommended. Please arrive on time for your reservation. Social distance if people are leaving or waiting to enter.
- As we have limited seating, we have to impose 1 hour and 40-minute time limit if needed, as we have to disinfect the entire dining area after every seating.
- Use the hand sanitizer at the entrance used before entering.
- You will be asked to fill out contact tracing form with your name, phone number, date and time
- **Customers are required* to wear a mask in the restaurant.** They can be removed it when seated. Your mask must to be worn when you leave your table to go to the washroom. **(*unless medically exempt)**
- If you go to the washroom and it is occupied please return to your seat until it becomes available.
- After you use the washroom please notify your server so we can sanitize it for the next customer.
- Touchless menu's will be available for you to download on your phone

Thank You, we are in this together let's make it work
